Ms. Williams,

UNS Electric would like to schedule a pre-filing procedural conference with Chairman Foreman to discuss dates and locations for the upcoming filing listed in the Upcoming Line Siting Filings table as the Vail to Valencia Project. We would prefer to do so the week of April 6. I have spoken with Mr. Hains at the Commission's Legal Division and I believe that Staff is open to a procedural conference that week. Please let us know if we need to arrange to have a court reporter present. We very much appreciate your help in arranging a procedural conference. Thanks.

I have contacted Staff and both they and the Company are available April 8 at 2 p.m. for the pre-filing conference. We will schedule a court reporter. We are not sure as to the number of interveners or the length of the hearing. UNS Electric does have a tentative hold for May 19 and 20 in Rio Rico, should those dates be acceptable to the Committee members.

Mr. Gellman,

I spoke with Docket Control. 25 copies of the Application and an Original are required. They send out the copies of the Application to the Committee Members. They need the Original and one copy to have only 8.5 x 11 papers (no over-sized maps, etc.) The rest of the copies can be any size. I will contact the Committee Members about the dates of the hearing and the tour. If you have any other questions, please contact me.

PUBLIC COMMENT WILL BE TAKEN AFTER OPENING STATEMENTS AND AS PERMITTED BY THE COMMITTEE CHAIRMAN. IN ADDITION, A SEPARATE EVENING PUBLIC COMMENT SESSION WILL BE HELD JUNE 2, 2009, AT 6:00 P.M. ALSO AT THE ESPLENDOR RESORT, 1069 CAMINO CARALAMPI, RIO RICO, ARIZONA 85648.

The Project consists of replacing approximately 25 to 29 miles of an older single-circuit 115 kV line with new single-circuit 138 kV transmission line, and constructing approximately 4 to 5.5 miles of new single-circuit 138 kV line to facilitate a new interconnection for the Santa Cruz County service area. A general location map of the Applicant's proposed route, described herein, is set forth below.

The Project will originate at the existing Vail Substation operated by Tucson Electric Power Company ("TEP"), in T.16S., R.15E., Section 4 near Interstate 10 and Rita Road within the City of Tucson. A new line will extend approximately 4 to 5.5 miles, depending on the selected route, southwesterly to connect with the existing UNS Electric transmission line. The existing transmission line is currently operating at 115 kV, but was designed to operate at 138 kV. It will remain as presently constructed from that connection approximately 26 to 28 miles south to the Kantor Substation near Tubac (per Line Siting Case No. 78 approved in Decision No. 56097). Upon the Project's completion, that existing line will operate at 138 kV.

From Kantor Substation the existing 115 KV line will be rebuilt on steel monopoles and as a 138 KV transmission line:

- for approximately 13.4 to 14.9 miles from the Kantor Substation southerly to the Cañez Substation;
- for approximately 3.3 to 3.6 miles from the Canez Substation southerly to the Sonoita Substation; and
- for approximately 8.3 to 10.1 miles from the Sonoita Substation southerly to the Valencia Substation in Nogales.

Both preferred and alternative alignments for the rebuild portions and the 4 to 5.5 mile new portion from the Vail Substation for the Project have been submitted by the Applicant.

More complete maps, along with more detailed textual descriptions of the proposed route are available in the Application and on the Applicant's website. The Application that includes detailed maps of the proposed Project is on file with the Docket Control Center of the Arizona Corporation Commission, 1200 West Washington Street, Suite 108, Phoenix Arizona, 85007, and 400 West Congress Street, Suite 221, Tucson, Arizona 85701.

The Committee may conduct a tour of the Project area and the proposed routes – most likely to occur on June 3, 2009 starting at 8:30 a.m. If a tour is conducted, a map and itinerary for the tour will be available at the hearings. Members of the public may follow the Committee in their own private vehicles. During the tour, the Committee may hear brief testimony at stops on the tour from one or more witnesses concerning where the stops are located, what is visible at the stops and the relevance of the location and view to the proposed routes of the transmission

1 line in the Application. No other discussion or deliberation concerning the
2 Application will occur. A court reporter will transcribe any testimony taken on the
3 tour.

4 Depending on the issues raised and the number of intervenors appearing during the
5 hearing, the Committee may deem it appropriate at some point to recess the hearing
6 to a time and place to be announced during the hearing, or to be determined after
7 the recess, at which time and place the hearing will be resumed. These dates and
8 places will be posted on the Project and ACC websites. At the discretion of the
9 Committee, such resumed hearings may be held at a date, time and place
10 designated by the Committee or its Chairman.

11 **NOTE: NOTICE OF SUCH RESUMED HEARING WILL BE GIVEN;**
12 **PUBLISHED NOTICE OF SUCH RESUMED HEARING IS NOT**
13 **REQUIRED.**

14 Each county and municipal government and state agency interested in the proposed
15 Project and desiring to become a party in the proceeding must file with the Arizona
16 Corporation Commission, 1200 West Washington Street, Phoenix, Arizona 85007,
17 a notice of its intent to be a party. That notice must be filed not less than ten (10)
18 days before the date set for hearing.

19 Any domestic, non-profit corporation or association, formed in whole or in part to
20 promote conservation or natural beauty, to protect the environment, personal health
21 or other biological values, to preserve historical sites, to promote customer
22 interests, to represent commercial and industrial groups, or to promote the orderly
23 development of the area in which the Project is to be located and desiring to
24 become a party to the certification proceedings must file with the Arizona
25 Corporation Commission, 1200 West Washington Street, Phoenix, Arizona 85007,
26 notice of its intent to be a party. That notice must be filed not less than ten (10)
27 days before the date set for hearing.

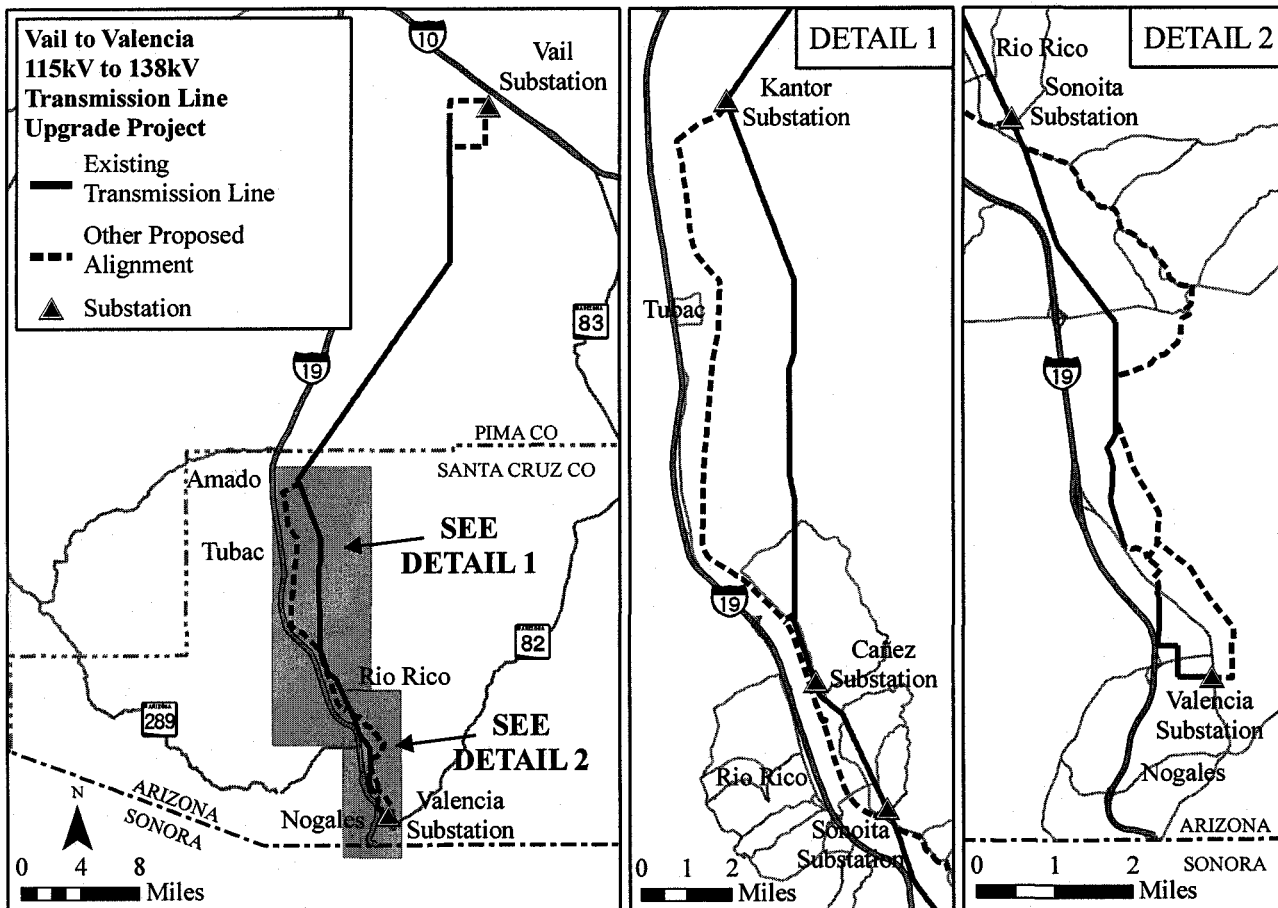

The Committee or its Chairman, at any time deemed appropriate, may make other
persons parties to the proceeding.

Any person may make a limited appearance at a hearing by filing a statement in
writing with the Arizona Corporation Commission, 1200 West Washington Street,
Phoenix, Arizona 85007, not less than five (5) days before a date set for hearing. A
person making a limited appearance shall not be a party or have the right to present
testimony or cross-examine witnesses.

This proceeding is governed by Arizona Revised Statutes (A.R.S.) §§ 40-360 to 40-
360.13 and Arizona Administrative Code R14-3-201 to R14-3-219. No substantive
communication, not in the public record, may be made to any member of the
Committee. The written decision of the Committee will be submitted to the Arizona
Corporation Commission pursuant to A.R.S. § 40-360.07. Any person intending to
be a party before the Arizona Corporation Commission must be a party to the
certification proceedings before the Committee.

Mr. Gellman

Please see the markups in the attached (in tracking mode) that provide clarifications below:

1. Provide the location of the Valencia Substation in Nogales (p. 1, line 16)
2. Insert the day of the week before dates (p. 1, lines 17-18)
3. Completed the web address for the applicant's project information (p. 1, line 21)
4. Corrected title of two libraries (p. 1, lines 24 to 26)
5. Indicate "proposed" in first description sentence (p. 2, line 7)
6. Capitalized Preferred and Alternative titles alignments. (p. 2, line 19)
7. Indicated all locations of the Application (p. 2, line 23)

The maps shown are misleading and incomplete. For example, Segment 4 (Sonoita to Valencia substation Alternatives are not shown nor discussed which is an important decision area where public input will be very important), Segments 1A and 1B could be shown and easily discussed in the Notice of it is clear what is intended by the discussion in the Notice (p. 2, lines 7-11).

The following are recommended improvements to the Newspaper Map:

1. Show and identify the Preferred, all Alternative, and Existing Routes.
2. Show each Segment (1A and 1B, 2, 3, and 4) as "Segments" 1, 2, 3, and 4.
3. Show the Union Railroad, which is a known feature, to help understand the maps.

Assuming these map changes are made, then the additional changes are recommended to the Notice (original line numbers):

8. On page 2, line 9.5, before the period after transmission line, add "(See map segment 1A)"
9. On page 2, line 11.5, after "56097)", add "(Map segment 1B)"
10. On page 2, line 15 after "Canez Substation" add "(Map segment 2)"
11. On page 2, line 16.5, after "Sonoita Substation" add "(Map segment 3)"
12. On page 2, line 18, after "Nogales" add "(Map segment 4)"

Sincerely,

Marshall Magruder

Ms. Williams,

Attached is UNS Electric's proposed Notice of Hearing for the Vail to Valencia 115 kV to 138 kV Transmission Line Upgrade Project that we filed today with the ACC. This Notice includes many suggestions from Mr. Magruder. We provided a final draft version to Staff and Mr. Magruder mid-day yesterday (before we received the docket number), but I have also attached the email communications and previous draft versions of the Notice, from what UNS Electric originally put forth through Mr. Magruder's redlined suggestions. We intend to submit a notice of filing with any and all electronic communications exchanged between us and the Chairman's office as well as the signed Notice of Hearing from Chairman Foreman. Please let me know if you or Chairman Foreman have any concerns. Thanks.

I have spoken to Chairman Foreman, and the final pre-hearing conference has been scheduled for May 26th at 10:00 am. Counsel for UNS Electric, please schedule a court reporter for that time. The Chairman also permits those unable to attend in-person to call in: at 10 am that day, please call (602) 542-7704, and this will transfer you directly to the conference room. If you have any other questions, please contact me.

Ms. Williams,

The best day and time for UNS Electric is on May 26 at 10 a.m. We would also join in Mr. Magruder's request for the final pre-hearing conference be accessible telephonically for those not in the Phoenix area (although outside counsel for UNS Electric would appear in person). Thank you.
